### 9. Safety surfacing – supply and installation

Polyurethane binders darken in colour in hot, sunny conditions. This can cause discolouration of the surface. This is normally temporary and the discolouration of binder wears off the surface with use. Temporary discolouration is not a defect.

All colours are subject to ultra violet light degradation and as such total colour stability cannot be guaranteed, especially with bright red, bright yellow and orange. Polyurethane bound surfaces will emit an odour when first laid. The odour will diminish with use and is not a defect.

Rubberised surfaces such as wet pour and rubber mulch, together with resin bound path products can sometimes be slippery on initial use. Care should be taken if damp ground conditions prevail when the surfaces are first used.

Rubber mulch surfacing is comprised of a relatively open matrix of shredded rubber. Air-born seeds can germinate in this matrix, resulting in vegetative growth in the surface. This is not an installation defect. Should this occur treat the affected areas with a weed killer available from any garden centre. Rubber mulch and rubber track surfaces will darken in shade over time.

Repairs to wet pour and mulch-style surfaces: it is impossible to guarantee repairs to these types of surfaces, as we are repairing surfaces laid by other contractors, as it is impossible to ascertain the strength of the original surfaces and whether or not they will continue to move in the future, which could affect the integrity of our repairs. The finished surface level of repairs may vary by up to 5mm from the surrounding surface.

Installation: Quotations which include installation are based upon above ground observations, service drawings (if available) and information supplied.

If any below ground obstructions or adverse digging conditions are encountered which affect the progress of work you will be advised immediately and asked how you wish to proceed.

### 10. TERMINATION

a) This agreement shall terminate forthwith if an order is made for bankruptcy of or an effective resolution is passed for the winding-up of the customer or if the customer being a company is unable to pay its debts within the meaning of Section 123 of the insolvency Act 1986 or any statutory re-enactment or modification thereof, or makes a composition with creditors or if a supervisor, receiver, administrator, administrative receiver or other encumbrancer takes possession of or is appointed over the whole or any part of the assets of the customer.

b) The Company reserves the right to terminate this Agreement with the customer at any time if trading terms and conditions are violated by the customer.

c) Termination of this Agreement shall not affect any rights or obligations of the parties hereto arising prior to such termination.

### 11. LAW

a) All contracts under these terms shall be governed by and construed in accordance with the Laws of England and all disputes shall be submitted to the non-exclusive jurisdiction of the English courts.

b) The Company sell to business customers only. Therefore the distance selling regulations do not apply to sales made by GB Sport & Leisure UK Ltd via means of telephone, fax, e-mail & on-line. By making a purchase from the Company, you will be deemed to have accepted our terms and conditions of trading.
